

PLAYFULNESS

(CAMARADERIE)

Have fun with others through playfulness.

What it's about; what it does for us...

...Feeling comfortable with others; it lets us have fun with them and builds trust.

We feel this when...

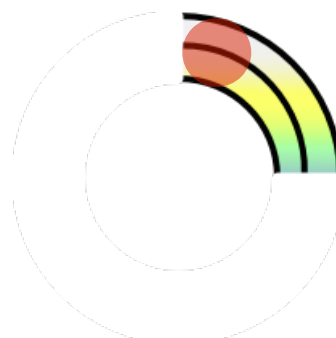

...we are having fun with others and not taking ourselves too seriously.

It makes us...

...feel comfortable with and like one another; we can drop our guard, we want to spend time with others, work hard for each other and contribute to the group goal.
