

Fulfilled Zone

feeling joyful, valued

I feel uplifted and on a high. I am doing what I do well and what matters to me. I feel I matter to my group and people appreciate what I'm doing. I am creative and try out things. I look out for more chances to feel this way.

Purpose

The sense of achieving what matters to us, doing what we love and being the kind of person we want to be. People respect us, even look up to us.
